ALLOCATIONS FOR EMERGENCY PROJECTS **INFORMATION**

BACKGROUND

The California Transportation Commission by Resolution G-11, as revised by Resolution G-94, delegated to the Department of Transportation (Department) authority to allocate funds to correct certain situations caused by floods, slides, earthquakes, material failures, slipouts, unusual accidents or other similar events. This allows the Department to immediately begin corrective action in an emergency condition without waiting for the next CTC meeting to receive an allocation.

This authority is operative whenever such an event:

1. Places people or property in jeopardy.
2. Causes or threatens to cause closure of transportation access necessary for;
 - a. Emergency assistance efforts.
 - b. The effective functioning of an area's services, commerce, manufacture or agriculture.
 - c. Persons in the area to reach their homes or employment.
3. Causes either an excessive increase in transportation congestion or delay, or an excessive increase in the necessary distances traveled.

The G-11 Resolution also requires the Department to notify the California Transportation Commission, at their next meeting, whenever such an emergency allocation has been made.

SUMMARY AND CONCLUSIONS

Pursuant to the authority granted by Resolution G-11, State funds totaling \$9,717,142 have been allocated for six- (6) emergency construction projects on the attached list.

- Project #4, Near Piercy in Mendocino County on Route 101 – Supplemental G-11 Allocation was necessary to construct soldier pile wall and retreat, repair of traffic lanes.
- Project #5, Near Soledad in Monterey County on Route 101 – Supplemental G-11 Allocation was necessary for removal of man-made objects encountered during bridge removal operations and the costs of piling furnished and installed.
- Project #6, In San Diego County on Route 8 – Supplemental G-11 Allocation was necessary for Settlement of arbitration claim, office of administration hearing No. A-0054-99.
